Three In One - Snow scenes, cameras to improve your modeling,
and hammer scenery modification

Hell-O Ray Here,

I've put off writing this letter, not because I didn't know what I wanted to say but because what I wanted to say really wasn't working out.

However, today is another day. As I am looking out at 8" of snow, this fits more into my reasoning. Winter should be a time of cold weather and snow, a time to stay inside and keep warm. A time to get that forgotten model or project out of the closet or wherever you keep it and do something with it. This winter like last year has not worked that way, up till now. I'm as guilty as anyone for not working on my layout.. I've got a list as long as three arms to do, so it's not like I've nothing to do. I just can't get myself to work much on the layout as long as the weather is as good as it has been. I think if I can get myself started I'll be fine.

I hope you have had more success than I have. Work on the model for the modeling challenge, the engine that doesn't quite work right or that kit that you keep saying you'll get to. I hope you are doing well on you projects. If not, it's time to get started.

I want to thank Jeff Needham for his presentation at our last meeting. It was a well planned and presented subject. It was one that gave a lot of information but also lead to a number of questions. I'm sure with a little thought we could have come up with enough additional questions and discussions to fill another meeting. Good job, Jeff!

What great timing. You know we planned it this way. We get all this snow less than a week before Ron's clinic on snow on your layout or diorama. Just enough time to get the real stuff cleared before our meeting on the 26th. At least Ron's snow will not melt.

If that's not enough, how to take some of your frustrations out on your scenery, with a hammer.

Sincerely,
Ray Brown

NMRA AP Group Rules and Regulations

The NMRA Achievement Program Yahoo Group is for those who are members of the NMRA and are working on their Achievement Program Certifications. Here you can get questions answered, find a mentor/coach, or get a kick in the pants to get you started. The group is about helping people.

We REQUIRE that you be an NMRA member and if you are signing up, please provide us your NMRA membership number. Not a member? Please join! www.nmra.org. While you are there, read the rules and regulations for the Achievement Program.

<http://www.nmra.org/education/achievement/>

90% of the questions that are being answered on the forum are in the regs.

Naturally things turn to the dark side from time to time, so here are some guidelines.

BEFORE YOU HIT SEND, ASK YOURSELF...

- Did I ask for help?
- Did I help someone?

If your message can't pass the test then you are probably talking about NMRA politics, whining, complaining or way off topic. Please be on your best behavior. This is a fun site and we would like to keep profanity and rudeness off the list. The moderator has an itchy trigger finger!

Topics that are allowed:

- AP Topics on any of the 11 possible AP Certificates
 - MMR questions
 - National/Regional/Divisional/International AP Chairman questions
 - Questions about contest rules
 - Questions about model research, assembly, et al.
- Questions about merit judging

Topics that are NOT allowed:

- NMRA politics
 - Recommendations for improving/modifying or changing AP guidelines (send those to the NMRA)
 - Politics in general
 - Religious topics
 - Off topic gags and jokes
- Accusations or criticism of any member

This is a PRIVATE group for friends that are working on their NMRA and Moderators are not required to warn members of being put on moderate status or suspension or removal of membership. While we are not an NMRA sanctioned group, we do follow NMRA rules and will act to promote the organization.

If you are moderated/banned from the group and you think it was done unfairly, you are welcomed to contact the list owner Scott Perry at scottgperry@comcast.net.

Clinic - February 2013

THREE IN ONE CLINIC BY RON MORSE, MMR – Not many people take the plunge and model snow on their layout...and that includes me. However, I have had a lot of fun playing in the snow on small dioramas. In this Power Point presentation I share my adventures in creating snow scenes and the materials I used.

Even if you never model snow I think you will find this clinic to be fascinating to watch. The December 2007 *Caboose Kibitzer* cover was one of my snow photos and the NMRA 2007, 2008 & 2010 Calendars also have some of my snow scenes in it. In the second part of the presentation Ron takes the same diorama he used for the snow scenes...modifies it by bashing it with a claw hammer and then creates the "Little Ella Gold Mine" diorama that was published in the *Narrow Gauge and Short Line Gazette* in the Nov/Dec 2007 issue.

Ozarks Model Railroad Association
Location: 424 West Commercial Street
Mail: 3129 S. Chambery Avenue - Springfield, Missouri 65804
Contact: Ron Williams – 417-839-3433

The March 16, 2013 Model Railroad Show and Swap Meet at Remington's in Springfield, MO is where you should be if you are interested in trains or are interested in getting the name of your company in front of an estimated 2,000 people or you are planning to sell your equipment of all scales and other collectibles.

Our Fall Show drew 494 people. There were 115 swap tables including displays by a magazine and a model train repair technician. Publicity for this event consisted of a listing on 78 area newspapers, radio and television calendars, a direct mail piece sent to people who have attended our shows in the past five years and a news release to the Springfield media.

This will be our 35th annual Spring Show and we are going all out to make it the best ever.

The theme in March is "Relive the Memories". We want parents and grandparents to bring their children to the show to experience the railroading. Scheduled activities include the opportunity to buy chances to win a \$350 framed, signed and numbered print by nationally known watercolor artist John Fulton.

A portion of the proceeds from ticket sales as well as chances to win the Fulton print will go to Crosslines food pantry which serves families in crisis in Greene County. Since 1969, Crosslines has provided emergency food, job services, rental/mortgage assistance and special holiday programs. Crosslines is an agency of the Council of Churches of the Ozarks – Uniting Faith. Serving with Compassion. Find out more at CCOzarks.org

The Lionel Collector's Club of America has agreed to sanction our show. That organization will be conducting a **Lionel Track Laying Contest for three age groups** in which the individual winners will receive a nice prize. They will also be offering door prizes to their members.

Kids will have the opportunity to take controls of a virtual locomotive and then receive a "Certified Locomotive Engineer" certificate.

Kids will also have the opportunity to run a Lionel Train around the track while blowing the whistle and ringing the bell. These participants will receive another certificate naming them as an "Official Whistle Blower".

Older "kids" including adults will be given the opportunity to participate in a switching challenge and recognized for completing the challenge.

The Kiddie Train will be on hand for a few hours during the show to provide rides around the parking lot for adults as well as children.

Brad Slone is scheduled to bring his presentation on the Frisco Railroad's Fort Leonard Wood Branch. Other clinicians are being sought. Other possibilities include Louis Griesemer describing how he models with a 3-D computer.

Ron Williams MMR will present a clinic from Model Railroader magazine called **Model Railroading 101** which will help people who are new to or are interested in knowing more about the hobby.

RELIVE THE MEMORIES

Page 2 of 2

And attendees will have the opportunity to **meet and visit with manufacturers of model railroad products**. They can learn what is new and how each company goes about creating and developing its products.

Owners of pre-1970 locomotives can bring their items to the show and find out if they have any worth. If they are not running a technician will be on hand to **diagnose the problem** and provide an estimate to get it back in running shape.

We anticipate filling the space with swap tables and **operating model railroads from Bentonville, Arkansas, Wichita, Kansas, Kansas City, MO, Omaha, NE, St. Louis, MO** as well as Branson and Springfield. Some of the displays have never been seen at our shows.

There will be many door prizes with at least five train sets to be given away and some lucky couple will win tickets to ride the Arkansas & Missouri Railroad.

Lunch consisting of the attendee's choice of a hamburger or hotdog with chips and beverage for \$2.50 will be available. And a bottomless cup of coffee will be available all day for \$1.00.

For swap table information contact David Brashers, 1418 Rosewood, Republic, MO 65738. Call him at 417-848-1739 or email him at dbrashers69@yahoo.com
