October 2019

"For all gauges and all ages"

Turkey Creek Division Meeting

October 22, 2018 at 7:00 pm
Lakeview Village Eastside Terrace
9000 Park ST
Lenexa, KS 66215

Sheldon Levy MMR will present a clinic on moving a model railroad. The clinic is about moving his model railroad. After the business meeting and clinic, we will head over to Sheldon Levy's MMR house for a layout tour and refreshments.

Superintendent Report:

Fellow Model Railroaders. What a great clinic in September. I want to thank Kent Hurley for giving a great overview of 3-D printing and showing some of his 3-D items. Also, Miles Hale and John Fales are receiving our thanks for their demonstration of two different types of 3-D printers.

This month has been a busy model railroading month for me. The Lawrence Model Railroad Club set up its modular HO layout. I spent almost 4 weeks helping to debug issues. The track at the connections between modules needed adjusting. I had to replace the ground throws for all the yard turnouts. The original ground throws were good looking and would work well with commercial turnouts with plastic ties; however, the yard uses hand-laid turnouts and we decided to change to a more robust style ground throw from the same manufacturer. I had to clean up the wiring and track issues on some of the member's modules. Finally, I added some additional track were needed to solve connection problems. When we were finished, the trains ran. My concern is that the Lawrence club has not fully addressed the track issues where the modules connect and come February additional work will need to be done. The Lawrence Model Railroad Club train show and swap meet is in February.

The other item is that I'm starting to prepare my train room. My wife and I agreed on a light blue color to paint the walls. After having the popcorn ceiling tested for asbestos, I removed the it, painted the ceiling bright white, three of the walls blue, and one wall an off-white. My wife wanted an accent wall, I wanted blues walls for taking pictures. I still don't have a track plan yet, but I'm working on it.

The October meeting will have a clinic and a layout tour. Shelly Levy will talk about moving a layout into his basement and then has invited us over for refreshments and to see the layout. Despite what was said at the last meeting, this meeting will begin in the conference room where we normally meet.

Clinics: The division has clinics arranged through the January 2020 meeting. I'm looking for presenters for next year starting with the February meeting. Hopefully, March will be the make and take meeting and June will be the modeling challenge. It would be helpful, if someone volunteers to assist me and future superintendents in locating clinicians. Let me know, if you want to present a clinic or volunteer to help.

September Clerk Report

Our Superintendent Gregory Ohlmacher called meeting to order. 29 people attended Larry Diehl talked some about the Narrow Gauge Train Show, and also included photos sent in 3 parts to everybody.

We had a demonstration of 3D printing by Kent Hurley, Miles Hale and John Fales. This is a whole new part of the hobby to some of us and a great way to get those specific detail parts we need or that special model make. With the price and quality of the machines always changing and getting better who knows where it will end. Somebody really printed a 3-D car that was on the Jay Leno show. I think I would trust steal more in a wreck than 3-D plastic. It was nice to see examples of the different machines.

There is a new Hobby Shop in Town for those of you that had not heard so go by and say hello sometime. I went by and it is a good size shop with mainly HO & N. Has 3 Bachman Articulated On30 engines priced just above cost to move them. We need to support our local shops or they won't be there anymore so go by and take a look.

NEW HOBBY SHOP

My name is Stephen Atwell and I am the owner of Midwest Model Railroad in Independence. I wanted to reach out to local clubs as we are looking for additional part time employee to join us three days a week, Thursday – Saturday. Along with around 20 paid hours a week there is also an employee discount. We are hoping to find someone interested in model trains so that they can answer customers' questions in the store. Other duties include picking and packing orders for shipment in our 2000sqft store near 40 Hwy & I-470. If you know of anyone in a Club or could post or mention it to club members, we would be much appreciative.

Also, we are offering a \$50 dollar gift card as a finder fee to the person or the club after 1 month of employment.

Best Regards

Stephen Atwell

stephen.atwell@midwestmodelrr.com
