Clinics for September meeting Paul Richardson who is going to present “
Painting Backdrops when you are Artistically Challenged”.

Then we will take our usual break.

When we come back we will hear Jim Ballinger present “
Installing Tortoise turnout Machines”.

Our Meeting will be held at the
Lamar Location and will be held on September 23rd at

From THE SUPER'S DESK....

Hello everyone!

Last month, on Saturday August 2nd, we had another successful train show. Although, we did not have the numbers of people we had last year.

We had many fine models entered in our contest. I wish we there had been more models entered because the turnout of entries was about half of what we had the previous year. Some of our members used the occasion to earn additional APs toward their MMR's. I only hope I am capable of someday being able to approach with my models the quality that I got the honor to judge that day. To all of you who entered a model in the contest, you did a Great Job and keep it up.

Well I finally won something at the train show! I won an N scale box car. I was very happy about that because I seldom win anything.

We also had several layouts on tour. I think that we had about eight but Brad Morneau was the layout coordinator this year and we will hear from him later in the Lightning Slinger on how that went. I am sure it was a bunch of good layouts. He was trying to place them and pick ones that had not been toured lately or ever. So I look forward to seeing how that went.

Well that time has finally come! I do not need any more clinics for this year. But if you have a clinic that you are thinking of giving but it needs work, please consider completing it for next year. A year gives all of us time to put something together before then! I am sure the new Superintendent could use all the volunteers he/she could get.

Well we have two clinics for September. They are Paul Richardson who is going to present "Painting Backdrops when you are Artistically Challenged". Then we will take our usual break. When we come back we will hear Jim Ballinger present "Installing Tortoise turnout Machines". We will need the PC projector for these presentations and Jack Ferris has the projector and will bring it with him. He picked it up from the clinic room after the last clinic at the train show and intends to bring it to this month's meeting.

Our Meeting will be held in the usual place, the Lamar Location and will be held on September 23rd at 7 PM.

Don't forget, after each meeting everyone is welcome to drive over to the Village Inn for coffee and many get pie as well. It's a great time to talk to friends who also enjoy the train hobby.

Well that is all I have for now.

See you at the September meeting, until then happy railroading!

Kerry Lindenbaum,

Turkey Creek Division Minutes

No Minutes for August 2008

Turkey Creek Division meets on September 23 at 7PM at the Johnson Country Northeast Offices. We will have two Clinics and a short Business Meeting. I still need help in manning the table on September 27 and 28 at the Union Station Model Railroad Show. Hours are 9 to 5 both days.

Respectfully,
Louis Seibel, Clerk

Please keep Scale

Rails in hard copy form. This is the single best thing the NMRA has done in years.....Steve and his crew have in my opinion made SR one of THE PREMIER model railroad publications out there!!!!!!

As a fixed income person on disability I am letting my subscription to MR run out to offset the increase...Scale Rails has become to show piece of the NMRA (and in my opinion is superior to MR)...let us not shoot ourselves in the foot by making it a web item.

Union Station Model Railroad Show

Sponsored by the Union Station Kansas City Model Railroad Society

September 27 & 28, 2008

Hours 9 a.m. - 5 p.m.

Activities include:

- Clinics on model railroading
- Operating model railroad club layouts
- An HO switching layout for you to try
- Railroad historical societies providing information about their railroads
- Vendors selling model railroad and historical items
- Operation Lifesaver with safety information and handouts

Admission: \$7 (11 and under and free)

\$10 for combo ticket (includes admission to Model Railroad Show and the KC Rail Experience)

Parking: First 3 hours free in the West Yards parking garage

The Union Station Kansas City Model Railroad Society is made up of volunteers who care for Union Station's model railroad collections and displays.

Vendor and Manufacturer tables available: \$15 for 8'x30" table.

unionstation.org | 816.460.2020

I sent out 80 letters soliciting donations. I solicited donations from several individuals and many vendors at the March Bartle Hall Train Show.

We received donations from 27 persons and vendors, with many providing several items.

I tried to send a thank you letter to every person/vendor if they gave items before the August 2nd event. I did receive a couple of items at the event. I responded to Kadee as to “who by name” received their products.

As a summary, we had the following prizes to distribute:

55 Non-Scale Items
46 HO Scale Items
21 N Scale Items
1 O Scale Items
1 Grand Prize – Bachmann engine worth + \$140.00

124 Total Items

I gave away all except 1 Disney Poster and 2 or 3 Kevin Euday magazine publications.

Larry Diehl

From Bob Jefferis, Vendor Chairman

The 2008 Vendor Setup required a total of 100 8’ tables and 3 6’ tables.

The 6’ tables were used in the lobby area for Registration and Information (were not sold).

Of the 100 8’ tables, 95 were sold to vendors, 2 were used for a scenery demonstration put on by one vendor and 3 were used by Turkey Creek for door prizes and free information by the door.

We received **\$1,410.00** from sale of tables.

The facility had 40 tables available for our use in the big room. We had to rent 60 8’ and 3 6’ tables at a cost of \$315.00, giving us a net profit on the tables of **\$1,095.00**.

We also received \$75.00 from Don Bumbacher of Don’s Cars & Trains for 5 table rentals. Don had eye surgery shortly before our meet and thus had to back out of exhibiting. We were able to cancel 2 tables (at no charge) and rent the other three so had no loss there. At Don’s suggestion we retained the \$75.00 against next year’s table rentals.

We had a 12’ x 26’ Heartland N-Trac layout operating in the room while the vendors were doing their thing.

Bob Jefferis

* Reimbursement requested \$87.96 Total

Note: Reminder for refund to Pete Bellos & Tedy (per L. Seibel)

Respectfully Submitted,

Robert Hollowell

I am selling an Easy DCC system on behalf of another individual. The system consists of the following items:

CS-4 Command Station with ver. 4.30 firmware (pre-sound upgrade) RX-904 Wireless Receiver with ver. 4.30 firmware BS-5 5 amp booster PS-5 5 amp power supply Wall warts for command station and wireless receiver

This is essentially a Wireless Starter System with the 5-amp upgrade but no RF-1300-4. Original new price would have been \$420.00.

The system was purchased in early 2005 and the owner did not opt to do the chip upgrade. I have tested the system and it is in good, working shape. The system has been kept very clean and in a smoke-free environment. 6-wire cables for booster and receiver connections are included. The system has very little "on" time and is going to make somebody a very good start-up system!

If you are interested, or know of somebody who might be, please contact me by private email with an offer or any questions you have. I will ship or the system can be inspected and demonstrated here if you wish to pick it up in person.

Thanks!
 --
